

Located in the Pacific Northwest and centered in King County, Washington, the **Pacific Crest Keeshond Club (PCKC) Rescue Program** focuses its effort to match a needy Keeshond with a forever home. We draw on all of our skills, resources and love of Keeshonden to make this happen. Many of our rescues are rehomed through our extensive networking and contacts, bypassing a foster home and being placed directly in their forever home.

If you have, or know of a Keeshond needing a new home; or are in search of a Keeshond; or just have general questions regarding the Pacific Crest Keeshond Club Rescue Program; please check out our website at [HTTPS://PCKCLUB.COM](https://pckclub.com) or email us at:
